Hi Rich.

This email came from Mitzi in Rumford. Is there any thing that she can hand out about the station?

See you this Thursday @ 11:30 (to record Jackie Conn).

Lou

Subject: Dear Lou,

Dear Lou,

Greetings Fitness Guru!

I would like to express my thankfulness to you for all of your phone calls, emails to River Valley Healthy Communities and WLOB radio announcements regarding our Spring Into Fitness endeavors.

Your kindness and support are most inspiring.

I listened to the broadcast on saturday morning and the Marital Arts teacher, John was an excellent guest.

I would like to make an offer to promote the WLOB radio station and your radio show in Oxford County by distributing any materials or freebies Re: WLOB and its services/programs.

I will even offer to drive to the station and procure the items that I will gladly give out at the Spring Fitness kickoff and in the communities where I do home visits in Oxford County.

It would be such a joy for me to return a kindness to the radio station and to you for all of your selfless efforts.

Have a great day, Lou!

Thank you ever so much.

Sincerely Yours,

Mitzi Sequoia, Family Educator, Healthy Beginnings

Dear Mr. Jeffrey,

Thank you so much for producing PSAs to air regarding our need for caring adult mentors! We have already received several calls from listeners who have heard these spots, and we are so happy to be reaching out to your audience. We are grateful for your support, which has already increased our visibility in the community. We believe these PSAs will be important in our efforts to find mentors who will help the youth of our community to build confidence and reach their goals.

Mr. Dave Schumacher WJAB Operations Manager 779 Warren Avenue Portland, ME 04103

Dear Dave,

Now that the whirlwind and emotional (to say the least) 2003 Red Sox season has finally come to an official end, I wanted to take a moment and congratulate you on the success of the on-air auction you organized in addition to broadcasting from Fenway Park during our 18-hour Radiothon! I was thrilled to receive more than \$2,600 from this event to benefit the Jimmy Fund and Dana-Farber Cancer Institute. It's obvious that WJAB has a tremendous following and there are some true Red Sox fans in the Portland area!

While we at the Institute feel extremely proud to be at the forefront of cancer research and comprehensive patient care, we know that our success would not be possible without the compassion and commitment of friends like you. Your support helps us to push existing research and treatments forward, and find answers that will ultimately lead to the cures.

Dave, we are so grateful for all you did to promote our lifesaving mission. As you know, the 2003 Jimmy Fund Radiothon on August 22<sup>nd</sup> was the most successful in Jimmy Fund history, raising nearly \$1.1 million. Thank you for being a part of this team effort!

I look forward to working with you for many years to come!

Best regards,

Jennifer Capshaw

General Manager WJAB Sports Radio Studio Line 779 Warren Avenue Portland, Maine 04103

Dear General Manager,

I am writing to you to thank you for your donation(s) to the 2004 Annual Learning for Life Auction. Your donation of a ½ hour guest appearance on The Morning JAB was a key, contributing factor to this successful fundraising effort.

The proceeds from this event will be used to purchase character-building curriculum, provide character-education programs and experiences, and allow us to extend our services to more of Maine's children and youth.

Our programs support schools and communities in their efforts to promote core values. Through Learning for Life participation, children learn the values of honesty, integrity, acceptance, tolerance, accountability, responsibility, etc. Learning for Life also works with community professionals as they visit classrooms to share their own careers with students. Through early exposure to a multitude of career fields, we hope that children will have more time to investigate and prepare for their own futures. Our speakers often share an ethical dilemma that they, themselves, have faced in their personal careers. Students then have opportunities to discuss, among themselves, the choices they might make under similar circumstances.

We thank you for your support of this auction and our mission through your generous donation. Should you desire a tax statement for IRS purposes, please address your request to the address on this letterhead and attention: Michael Dyer. Please indicate the value of the donated item in your letter so that we can respond accordingly.

Sincerely.

Michael Dyer District Director

Learning for Life/Exploring

P.S. This is the second year that WJAB has contributed to our fundraising efforts. It is very much appreciated.

Dear Dennis,

On behalf of the Aroostook Municipal Association, I'd like to take this opportunity to thank you for moderating our TABOR debate.

The success of this event was due to your professionalism and fairness during the debate.

Again, thank you for agreeing to moderate the debate which helped inform the communities about both sides of the TABOR issue.

Sincerely,

Dear Mr. Surley, Dennus

On behalf of the Board of Directors of the United Way of Aroostook, and our member agencies and programs, please accept my gratitude for the sponsorship advertising that you did for our Aroostook Idol Project. This was the second year for this project and with your help we far exceeded our expectations! We were successful in raising over \$34,000 this year, which is \$6,000 more than last year.

The funds raised from this project will be used here in Aroostook County during the coming year to provide safe shelter for threatened and homeless adults and children, train volunteers to teach adults to read, provide home-based services for the elderly and disabled, support families facing terminal and life threatening illness, provide food, counseling and assistance to families and in crisis.

## Dennis, et al.

On behalf of CADET I wish to extend a sincere thank you to you, Richard and all the staff at Channel X for your willingness to assist with our Town Meeting Project. We were extremely pleased with the turnout and seem to be receiving positive feedback although all indications are we need another meeting III

Now that we have people's attention (and an additional 1300 members on CADET III) , I believe we can continue to make strides to improve our community environment for everyone. Admittedly there are still many unanswered questions which is probably where we will start with our next forum.

For now thank you for your assistance and dedication to the local community. It is indeed wonderful to have a local radio station!!

Dear Doug,

"Gateway to the North Maine Woods"

I would like to take this opportunity to thank you for the assistance that was provided to our community in a time of need. Your radio stations interview enabled our community to have a beautiful day, on a day that brought so much heartache and tears. Traffic moved very fluently throughout our small town with little trouble, thanks to your stations broadcasting our message to the rest of our neighbors and friends throughout Aroostook County and western New Brunswick. I know that it may seem though it is just your job to make these announcements but we came to you with no warning and needed this to be done yesterday. You did not blink an eye and things were in motion to get our concerns to all of your listeners.

In closing I would like to personally thank you, as we talked through the interview I could feel our pain through the sound of your voice. You're a very special person in the eyes of Ashland citizens.

Again, Thank You

Thank-you for sponsoring our school so we can get free newspapers. I'm Ashley. I'm in the 4th grade, and you sponsored my school. I like this school, and I think you would too.

We love the World of Wonder, the Mini Page, and a lot of the other things that we get in the newspapers thanks to you. It was very kind of you to take time out of your schedule to give money for schools or our school. You're a good citizen for doing that. I think you should visit our school someday or someday maybe my class could visit where you work. I hope we meet. I would like to thank you in person, but this is it for right now. Ok?
